

RaDaR Rare Disease Group Annual Report

April 2018 – March 2019

Rare Disease Group	Membranous Nephropathy
Lead for MN Steering Group	Prof Paul Brenchley
Summary of RDG Activity (Meetings, patient events)	There has been no MN patient meeting organised in the last year. However, with 3 major publications on MN due out in 2019 and a registry study under way, it would be timely to plan for a National Patient Meeting in 2019/20 to discuss and disseminate these new findings to MN patients.
Grants awarded that use RaDaR infrastructure or data (Please do not include other grants awarded to RDG members)	<p>Funder: NHS England Commissioning through Evaluation (CtE). This is a registry study using the RaDaR Database specifically tailored as the clinical data record</p> <p>Title of project: Rituximab for the treatment of idiopathic Membranous Nephropathy in Adults</p> <p>Principal Investigator(s): Dr Arif Khwaja et al</p> <p>Amount: > £1Million over 4 years (2018-2021)</p>
Conference posters/presentations using and acknowledging RaDaR data	N/A
Publications using and acknowledging RaDaR data (Please do not include other publications by RDG members)	N/A
